

# MacBook Pro

The fastest, most powerful MacBook Pro ever.  
High performance reaches a whole new height.

Introducing the new 13-, 15-, and 17-inch MacBook Pro. State-of-the-art quad-core and dual-core Intel processors deliver up to 2x faster performance. New graphics processors on the 15- and 17-inch models are up to 3x faster than before. New Thunderbolt technology lets you connect high-performance peripherals and high-resolution displays to a single port, and transfer files at lightning speeds. And with the new built-in FaceTime HD camera, you can make astonishingly crisp HD video calls.
